An evening meeting for prospective parents about schooling at Wahroonga Public School and the transition to the first year of primary schooling.

ALL WELCOME

Wahroonga Public School accepts all in-area enrolments. Out of area applications can be made in writing and are considered by the enrolment committee. Compassionate circumstances are considered by the committee. Out of area placements depend on there being vacancies after all in-area placements are accepted. In most years we have no out of area places. See the school's website for details about our catchment area and enrolment.
